Ref : Lr. Dt. 17-05-2022 from State Project Director, Samagra Shiksha

Conceptual understanding, where children can grasp ideas in a transferrable way, can help students take what they learn in class and apply it across domains. Rote memorization and traditional methods of teaching are considered insufficient for real-world learning and application. Samagra Shiksha and State Council of Educational Research and Training are developing digital content for the concepts in Class XII which would enhance the conceptual understanding in Children.

In this connection, we would like to inform you that Dr.R.Saravanan, Assistant Professor, Department of Zoology has been chosen as one of the experts for reviewing the scripts written for the concepts to be converted into digital content.
