In commemoration of 91st Birthday of Dr. APJ Abdul Kalam NSS & NCC units of Dr. Ambedkar Govt Arts College jointly organized Blood donation Camp in collaboration with The Tamilnadu Dr. M.G.R Medical University on 18.10.2022 at C10 Hall in the Main building.

The event saw an impressive turnout, with students, faculty, and staff showing remarkable enthusiasm to participate. Many individuals recognized the importance of donating blood to meet medical needs and save lives. Their willingness to contribute exemplified the college's commitment to social responsibility. 85 units of blood were collected on that day.

The camp was organized meticulously, with well-defined processes in place. Medical professionals and volunteers efficiently managed the registration, screening, and donation procedures. This ensured a smooth flow of participants and minimized waiting times.

International women's day was celebrated across the world every year on 8th March. It celebrates womanhood and pays tribute to the indomitable spirit of women across the globe. The main objective is to create the awareness of gender equality for a healthy society and women's right. The event aimed to inspire, educate, and create awareness about the challenges that women continue to face in various aspects of life.

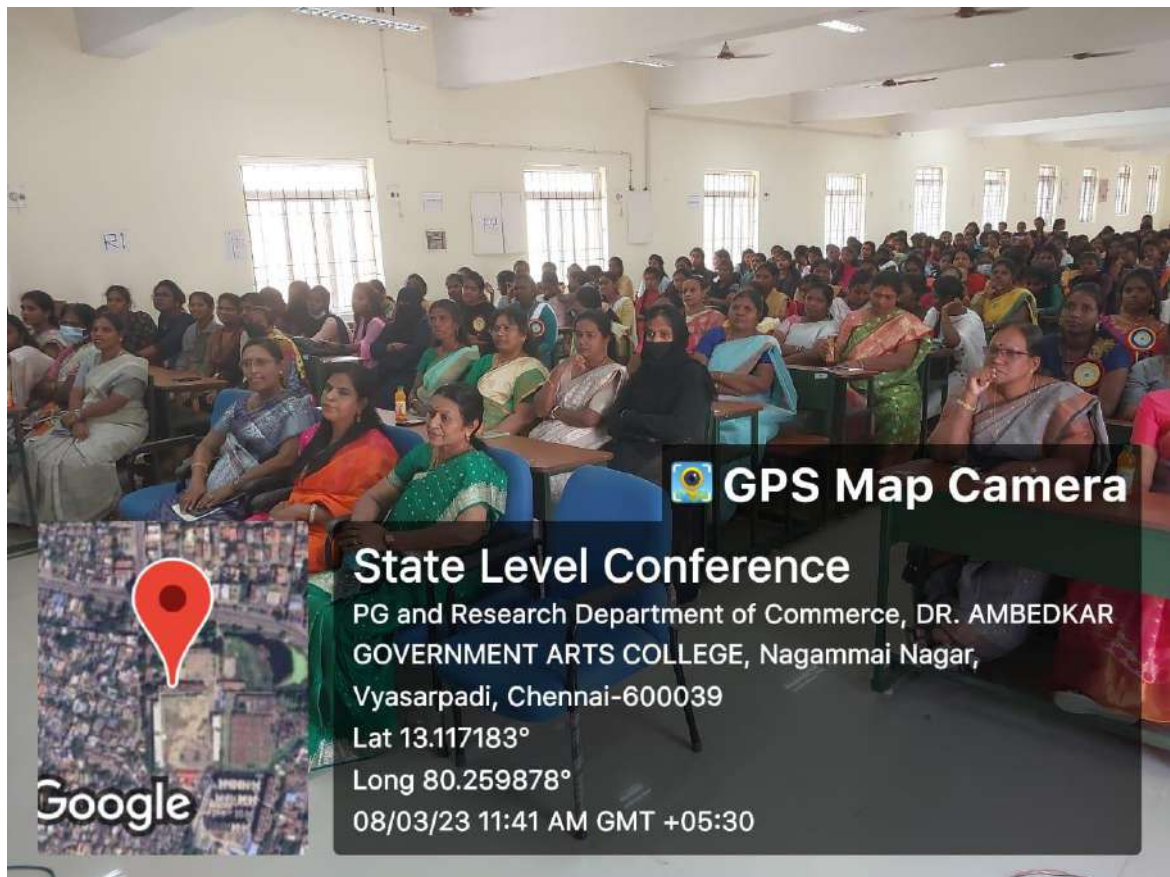

NSS unit of Ambedkar Government Arts College celebrated the International Women's day on 8th March 2023 in collaboration with Women empowerment cell. Chief guest of the function was Mrs. Sasikala, Founder and Chairman of D'Saki Empowerment and Wellness Pvt Ltd. . Welcome address was delivered by Dr. Desdemona Kirubavathi – Co – Ordinator of Women Empowerment cell. Function started with lighting the lamp by the Principal and Chief guest and other senior professor of the college.

Presidential Address was given by Principal Dr. R. Sumathi madam followed by Chief guest's motivational speech.

After the special address we conducted cultural programme followed by the prize distribution which was presided by Principal and chief guest. The ceremony was closed formally by delivering vote of thanks by Mrs. T. Uma – NSS Programme Officer.

Department of Home Science- Nutrition, Food Service Management and Dietetics

The Department of Home Science – Nutrition, Food Service Management and Dietetics was initiated in the year 2013 at Dr. Ambedkar Government Arts College, Vyasarpadi, Chennai -600039. Since its inception, the department faculty and students have always worked with a passion to serve the community through a series of health awareness programmes titled HEALTH FOR ALL. In connection with the Golden Jubilee Celebration, the department proposed to focus on creating awareness on the benefits of millets through popularization of millet based recipes, 2023 also being the International Year of Millets. Also, a health camp with special focus on prevention of diabetes mellitus, hypertension, cardiovascular diseases, obesity, cancer and iron deficiency anemia was planned. The department seized the opportunity to interact with the general public and create health awareness among them through the invitation given by the Higher Education Department to the college to conduct programmes at the Trade Fair, Island Grounds, Chennai between February 2nd and 4th 2023.

EVENT 1

A DRIVE TOWARDS ENHANCING THE CONSUMPTION OF MILLETS BY DISPLAYING INNOVATIVE MILLET BASED RECIPES AND CREATING AWARENESS ABOUT THE HEALTH BENEFITS OF MILLETS THROUGH NUTRITION EDUCATION

DATE : 02.02.2023-03.02.2023

VENUE: Trade Fair, Island Grounds, Chennai

In connection with INTERNATIONAL YEAR OF MILLETS the students formulated and prepared 70 innovative millet based recipes using millets such as thinai, kuthiraivalli, ragi, samai, kodu millet, cholam and mixed millet powder. The millet based items were prepared in the food laboratory in the college and displayed. The students explained the benefits of these recipes to all the people who visited the stall in order to popularize the intake of millets. Several charts and models on the nutritional content and health benefits of millets were displayed. Pamphlets on the health benefits of millets were printed and distributed. Around 650 people visited the stall and were benefitted. Feedback was obtained from the visitors.

DISPLAY OF MILLET BASED RECIPES TO POPULARISE THE INTAKE OF MILLETS

NUTRITIONAL BENEFITS OF MILLETS DISPLAYED THROUGH CHARTS MODELS AND DISTRIBUTION OF PAMPHLETS

More than six hundred people visited the stall on the two day drive towards popularization of millets to enhance its consumption

EVENT 2

HEALTH CAMP AND COMMEMORATION OF WORLD CANCER DAY

DATE : 04/02/2023

VENUE: Trade Fair , Island Ground , Chennai

The overwhelming incidence of diabetes mellitus , obesity, cardiovascular diseases and iron deficiency anemia motivated the department to conduct the HEALTH FOR ALL -2023camp which is a health awareness and assessment programme for the people who visited the trade fair on 04/02/2023. Around four hundred people visited the stall and were benefitted by the health camp and nutrition education program

The health camp included the following aspects :

1. Preparation of health charts and posters with simple dietary guidelines for healthy living.
2. Assessment of anthropometric parameters
3. Assessment of Blood Pressure
4. Dietary counselling
5. Preparation and distribution of pamphlets with dietary tips for healthy living
6. Display of balanced diet

Assessment of height and weight to calculate BMI along with display of charts with simple dietary guidelines for healthy living.

Assessment of Blood Pressure

Balanced diet explained using charts and display of one day sample balanced meal

Diet counseling and distribution of dietary pamphlets

COMMEMORATION OF WORLD CANCER DAY-WORLD CANCER DAY IS OBSERVED ON FEBRUARY 4th.

World cancer day aims to prevent millions of death due to cancer by creating awareness about the causes of cancer and the role of healthy diet to prevent the onset of cancer . The students prepared several posters and pamphlets to spread awareness about the causes of cancer and prevention through healthy dietary intake .More than 300 people visited the stall

Dr. Ambedkar Government Arts College, Chennai 39

PG & RESEARCH DEPARTMENT OF COMPUTER SCIENCE

Report on Computer Science Exhibition

Introduction

On February 27th, 2023, the Department of Computer Science at Dr. Ambedkar Government Arts College organized a Computer Science exhibition. The exhibition aimed to showcase the latest technologies in the field of Computer Science and to create awareness among students from Government schools about the various courses available at the college. The event was attended by many students and teachers.

Exhibition

The Computer Science Department of our college organized an exhibition. The event showcased several working models on the latest technologies, such as hologram, smart IoT based house, talking assistants to control lights, hardware assembling, and a collage depicting the various courses available in the Department.

One of the most exciting exhibits was the hologram model, which was a stunning display of three-dimensional images created using laser technology. The model was not only visually impressive, but it also demonstrated the potential uses of holograms in various fields, such as entertainment, medicine, and education.

Another notable feature of the exhibition was the games created by students using HTML, JavaScript, and CSS. These games demonstrated the students' creativity and knowledge of coding.

The exhibition also included a facial recognition system, which demonstrated the application of computer vision in real-world scenarios. This system showcased how facial recognition technology could be used in security and surveillance systems.

The smart IoT based house model was another standout exhibit, which demonstrated how technology could make our lives easier and more comfortable. It showcased how IoT devices could

be used to control various aspects of a home, such as temperature, lighting, and security, using a smartphone or other smart devices.

The talking assistants to control lights exhibit demonstrated the latest advancements in voice recognition technology. The model showcased how simple voice commands could be used to control lights and other electrical appliances in a room, making it more convenient and efficient.

The exhibition also featured a quiz, where prizes in the form of pens were given to the students who answered correctly. It was a fun and engaging activity that allowed the students to test their knowledge of computer science and technology.

Another interesting exhibit was the hardware assembling model, which demonstrated how computer hardware components were assembled to create a functioning computer system. It was an interactive exhibit that allowed the students to get hands-on experience with computer hardware.

Finally, the exhibition included a collage depicting the various courses available in the computer science department. The collage was an informative and colourful display that showcased the range of courses and programs offered by the department. The students were able to interact and ask questions about the courses and the college. The students explained the different courses, the syllabus, and the career opportunities available after completing the courses. The students were able to learn about the various specializations like Data Science, Artificial Intelligence, Cyber Security and more.

In conclusion, the Computer Science Exhibition was an informative and engaging event that showcased the latest advancements in computer science and technology. It was a great opportunity for students to learn about new technologies and gain hands-on experience with various exhibits. The exhibition was a resounding success, and we look forward to more such events in the future.

Presentation on the scope of the course

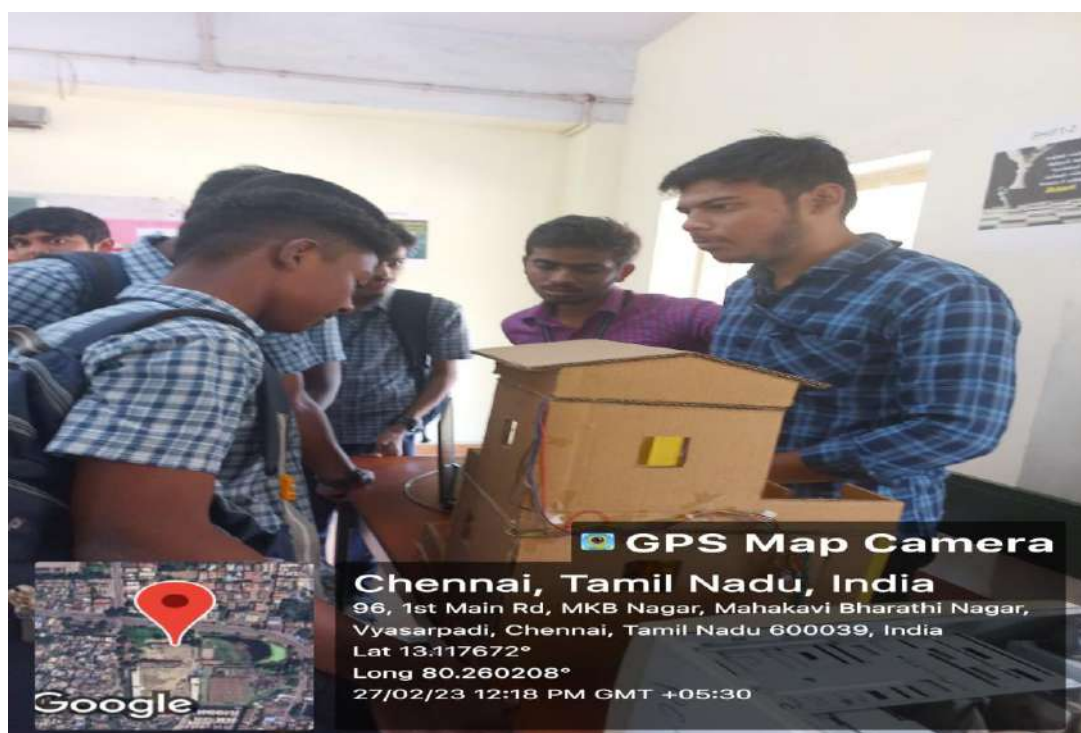

After the exhibition, the students were given a presentation on the scope of the computer science courses available at Dr. Ambedkar Government Arts College. The presentation covered topics such as the current trends in the industry, the growing demand for computer science professionals, and the various career opportunities available in the field. The students were also given an overview of the syllabus and the practical aspects of the courses.

Participant feedback

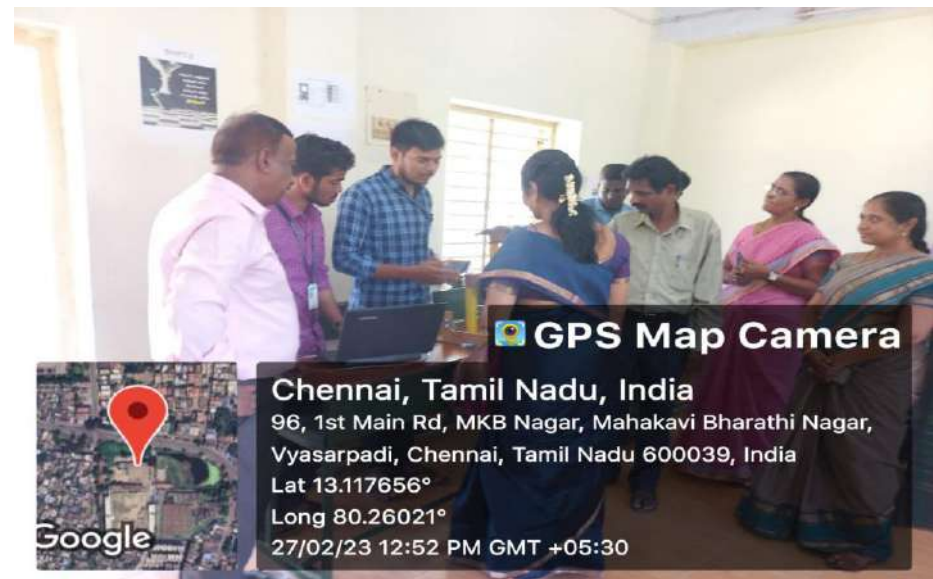

The students who attended the exhibition and the presentation were very impressed with the scope of the courses and the opportunities available in the field of computer science. They appreciated the hands-on experience of the working models and the interactive format of the quiz competition. The presentation gave them a clear idea of the scope of the courses and the potential for growth in the industry.

Conclusion

The Computer Science exhibition organized by the Department of Computer Science at Dr. Ambedkar Government Arts College was a great success. The event generated a lot of interest and enthusiasm among the students from government schools about the latest technologies and the courses available at the college. The interactive format of the exhibition, including the quiz competition, was particularly effective in engaging the students and making the event both fun and educational. The presentation on the scope of the courses provided the students with a clear idea of the potential for growth in the field of computer science. Overall, the event was a great platform for the students to learn more about the field of computer science and explore the different career opportunities available.

Dr.AMBEDKAR ARTS GOVERNMENT COLLEGE, VYSARPADI,CHENNAI-600039
PG DEPARTMENT OF SOCIAL WORK

1.EVENT NAME: Eco Green Club Inauguration (under the scheme of GREEN CREDIT)

EVENT LOCATION: DAGAC Campus

THANK YOU ALL

Dr.AMBEDKAR GOVERNMENT ARTS COLLEGE (AUTONOMOUS)

DEPARTMENT OF STATISTICS

On account of NAAN MUDHALVAN project NSS unit conducted Expo for school children on the topic of “Introduction of higher education among higher secondary students”. Students from various schools visited the campus of Dr.Ambedkar Government Arts College on 27.2.23

Department of Statistics organised various events on account of school children. Statistics Students welcome the school students

with flower and a small badge (smiley) token of appreciation and the expo starts with the welcome speech given by the head of the department Dr.V.Prakash

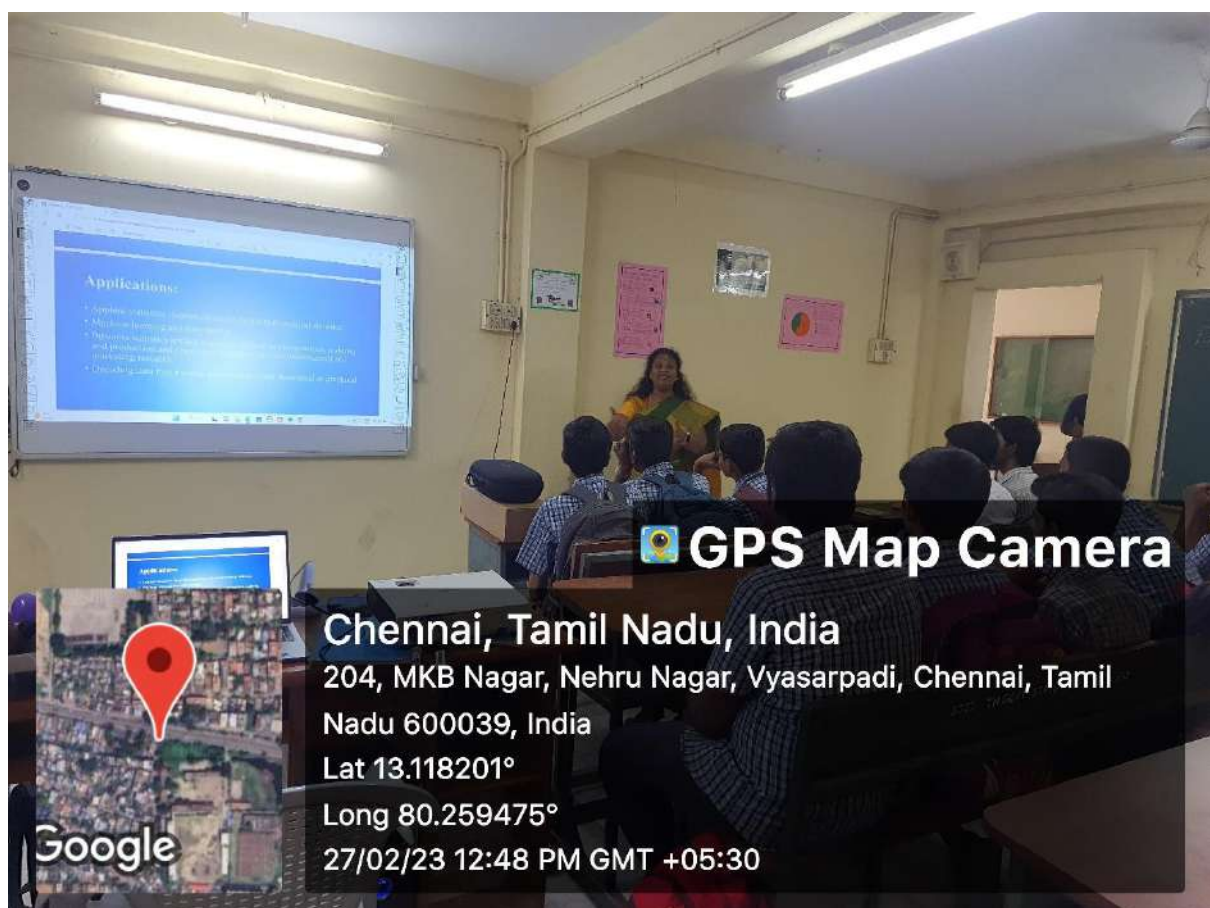

He shared his views on the course of B.sc Statistics , which is available in Chennai city

Presidency college, offering PG & Research

MCC offering PG & Research

Loyola - PG & Research department

Dr.Ambedkar Government Arts College – offering UG courses

Faculty members in the department address the key points :

Data science is the emerging field which requires the fundamental knowledge in mathematics and statistics.

Application of statistics in various fields like Medicine, Trade Statistics, Agricultural statistics, demography, Artificial Intelligence, commerce, industry , Bureau of labour statistics, actuarial statistics
Everyday 2.5 Quintillions bytes of data generate on every day by the users.

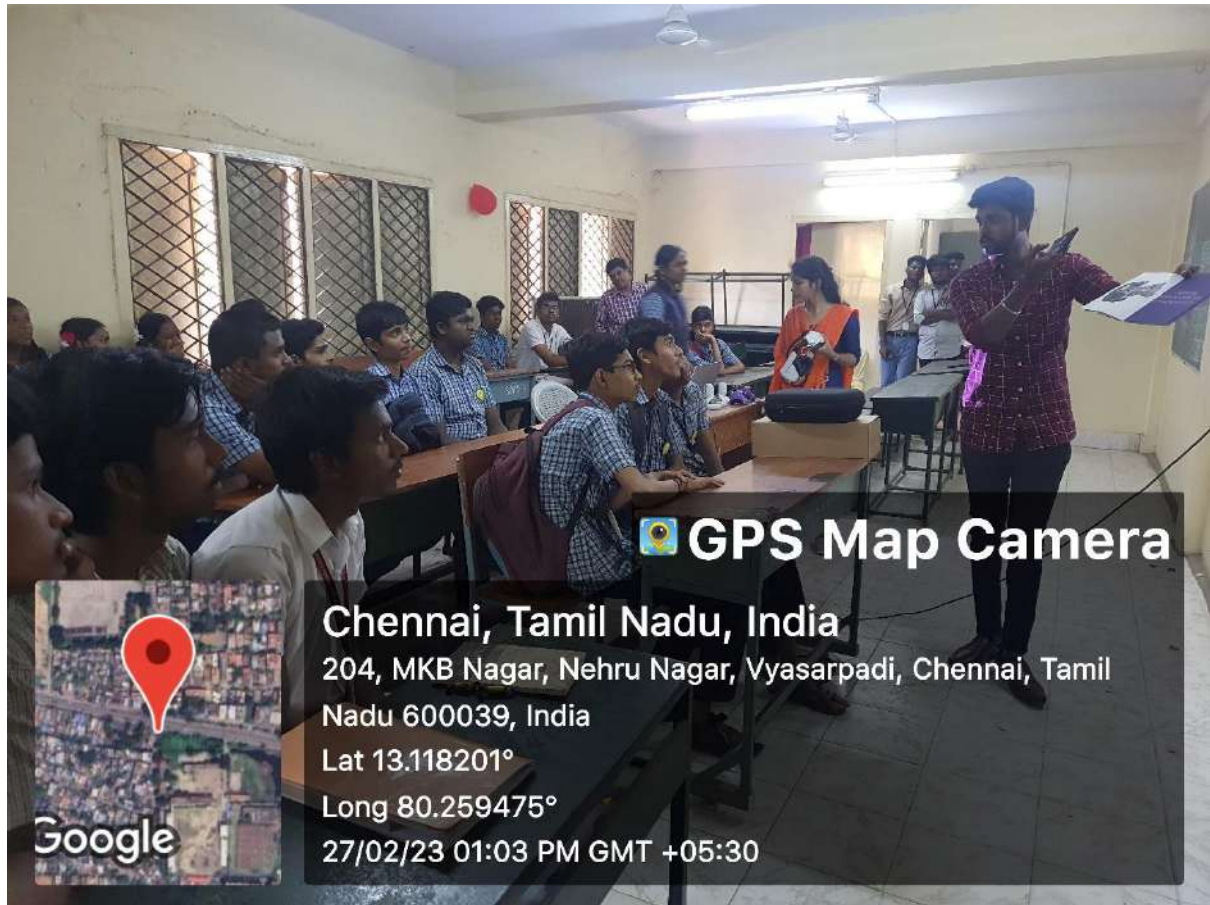

Big data analysis helps analyse the data

Application of Statistics :

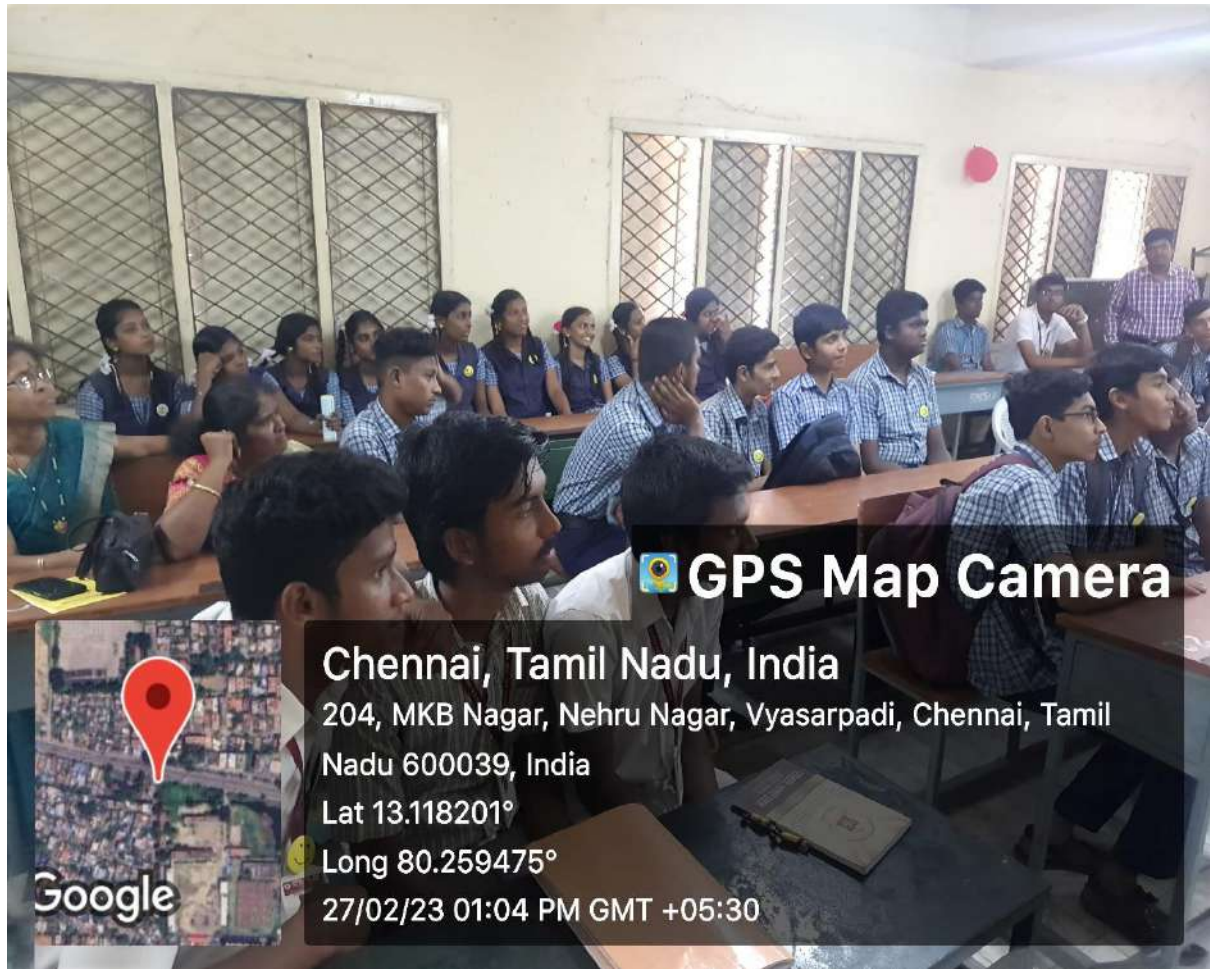

1. Predictive Analysis – Security
2. Risk Reduction – Identify fake customers and loyal customers. Divide and conquer rule
3. Health Care – tracking the medical history of the patient
4. Digital advertisement – Customer behaviour

Madras Mind Works : An executive and a Project Coordinator
Mr.Aravind and Ms.Shanthi demonstrate about virtual reality and
augmented reality in front of students.
